13:00 Leave Hongo Campus

14:00~17:00 Visit to *the construction site of D runway for the re-expansion of Tokyo International Airport*

18:00 Arrive at Hongo Campus

This is a unique opportunity to visit the construction site of Haneda airport 4th runway, which is scheduled to open in October. We can see pier, connection taxiway, reclamation site, and seawalls (inclined riprap seawall) that are under construction using state-of-art technologies such as anti-corrosion titanium plates and dehumidification.
